PREP Report

- On April 20, 2023 the Passaic Academies opened its doors to the community for the “Art is” Art showcase.
- Last Tuesday, May 2nd, our newest NHS members along with those from PASE and PREP were inducted at the Valley Regency. It was a beautiful night for students and parents to come together
- The Joey Dee and Starlites Auditorium will open its doors on May 17 and 18 at 7pm for the Dance Pathway Spring Showcase “Around the world”. This will feature pieces choreographed by Ms. Nyasia Fraser and other guest choreographers.
- On May 12, 2023 we will be hosting our prep families at “Donuts with Grownups”. Students were encouraged to invite up to two grownups who have played an important role in their lives.
- Our seniors have been more than thrilled in committing to their future schools as they prepare to depart from the Ravens Nest.

PASE Report

- NJSLA testing continues
- Middle school students have started the weekend STEM program at NJIT and so far, they really enjoy it!
- Last week, middle school students participated in Math Olympics to get ready to beat the NJSLA math assessment!
- AP testing wraps up this week
- A group of eight juniors from Passaic Academy for Science and Engineering went to California last week. They visited the STEM Academy of Hollywood and toured the campuses of UCLA and USC. The highlight of the trip was visiting Caltech and Aerojet Rocketdyne. At Caltech, they learned about college life and STEM learning. At Aerojet Rocketdyne, they toured the facility and spoke with young engineers about their careers. It was an eye-opening experience for the students. Passaic Academy for Science and Engineering would like to thank the district administration along with the Passaic Board of Education for making this trip a reality.
- This month, Passaic Academy for Science and Engineering officially earned Middle States Accreditation.
- In the Biotechnology Pathway, our Biotechnology students were recognized for merit in "Professionally Quoting Scientific Research" at the Growing Beyond Earth symposium.
- Junior Seidy Castillo is off to Duke University for a week in June to participate in the Summer Workshop in Math.
- 15 students participated in the Fit 4 Basic for EKG & Phlebotomy Graduation
- Seniors are looking forward to attending senior prom on the 23rd!

8. Public Participation:

President Rodriguez invited members of the public to participate via Board Meeting Participation Forms, which were made available prior to the start of the meeting. Questions/comments were read aloud by Mr. Yaacov Brisman, Board Attorney:

Name/Address:	Marvin Chambers, 294 Garden Street, Englewood, NJ
Question/Comment:	Payroll Issues
Name/Address:	Brittany Powers, 8 Chittenden Road, Clifton, NJ
Question/Comment:	Renewal of contract
Name/Address:	Diego Maya, 214 Williams Livingston Ct. Princeton, NJ
Question/Comment:	Interpreting Services Presentation
Name/Address	Jocelyn Lozano, 131 Washington Place, Passaic, NJ
Response: President Rodriguez	Extracurricular activities, field trips, would like to help and have more outside time for the students. As a parent I would like to address languages, American sign language, teach more languages in the schools. Would like to see more open communication with the parents and the schools.
	Field trips, definitely there is a benefit for the students to go out and see the different things out there. Get parents more involved in their schools, activities. Fundraising, partnership, talk to the parent liaisons.
Response: Dr. Diodonet, Superintendent of Schools	Will refer you to Mr. Truppo to assist you with your concerns, and Dr. Vargas as far as languages.
Name/Address:	Marc Pollaso, 427 7 th Street, Passaic, NJ
Question/Comment:	PHS hall pass is really working very well and administration is doing a great job.

Policy

SAFE ROUTES TO SCHOOL

The Passaic Public School District ("District") supports active transportation, including walking and bicycling, to and from school as long as students live within walking distance and there are adequate facilities. All schools will incorporate this policy into their Student and Parent Handbooks. This policy is hereby incorporated into the District's School Wellness Policy (8505). The District shall ensure that the School Wellness Policy reflects this addition.

Support for Active Transportation

Walking, bicycling, public transit use, and other forms of active transportation not only save costs related to busing students, but they also allow students to engage in physical activity, which reduces the risk of obesity and related chronic diseases such as diabetes, heart disease, stroke, and cancer. Physical activity also improves mental health, attendance, and academic performance. Further, replacing automobile trips with active commutes reduces one's carbon footprint and decreases traffic congestion and air pollution, which is of particular benefit to students with asthma. Fewer automobile trips also reduce the risk of injury to students from collisions with motor vehicles.

The District acknowledges that the choice of which mode of transportation to use when traveling to and from school rests with students and/or their families, rather than with District or individual schools. Accordingly, District shall prohibit individual schools from restricting any mode of active transportation used to travel to and from school. Notwithstanding the foregoing, where unusual traffic or other dangers make active transportation exceptionally unsafe, individual schools can discourage, but not prohibit, students from engaging in active transportation to and from school.

Support for Safe Routes to School

The District supports NJ Safe Routes to School (SRTS), a statewide initiative to enable and encourage students to safely walk and bicycle to school, because active transportation can:

- Increase physical activity levels for students,
- Improve student health,
- Decrease automobile congestion and related danger of injury to students,
- Reduce air pollution and related greenhouse gas emissions,
- Reduce costs related to busing, and

SAFE ROUTES TO SCHOOL (continued)

File Code: 3541.34

- Improve attendance rates and student achievement.

The District further supports efforts to increase participation in SRTS programs and activities in those schools with the fewest resources, and among low-income students, students with health challenges, and those with physical and mental disabilities.

When appropriate, the District will work together with local public works, public safety, and/or police departments in those efforts. The District will explore the availability of Federal Safe Routes to School funds, administered by the State Department of Transportation, to finance such improvements.

Promotional Activities

The District supports events that encourage students to engage in active transportation to and from school and that promote active, healthy lifestyles for the community at large. Events may include Walk to School Days, Bike to School Days, and School Walk-a-Thons.

Roles of Districts, Schools, Parents/Guardians, and Students

The roles of the District, families, and students regarding travel to and from school are as follows:

- a. District/Schools. The role of the District and individual schools is to support safe travel to and from school, and particularly to encourage active transportation. Notwithstanding certain exceptions, the District and individual schools assume no liability for injuries or other damages, including property damage, that may occur while a student is in transit to and from school.
- b. Parents and Guardians. The role of parents and guardians is to make informed decisions about which mode of transportation best suits their student in light of (i) the student's personality, age, maturity, physical and cognitive development, and decision-making abilities, and (ii) the street, traffic, crime, and other relevant conditions likely to be encountered by the student when traveling to and from school. Parents and guardians are legally responsible and otherwise accountable for their student's safety and well-being when the student is traveling to and from school – a responsibility in the care of property, in the observation of safety rules, and in the display of courtesy and consideration towards others. The District assumes no liability for injuries occurring outside school property.
- c. Students. The role of students is to be safe and responsible while traveling to and from school, following state and local law and the rules established by their families, and obeying school rules while traveling on school campus. Students

SAFE ROUTES TO SCHOOL (continued)

should act as good role models for their peers by observing traffic and safety rules, caring for property, and being courteous to others.

Minimizing Driving

Because automobile collisions are a leading cause of death among school-age children, District supports efforts to increase traffic safety by minimizing driving to and from school. District respects the many constraints on families' time and budgets and recognizes that driving is sometimes a necessary or practical alternative to active transportation. Yet, in light of automobile collision data and the numerous benefits of active transportation, the District commits to working with all stakeholders, including school administrators, students, families, public safety personnel, and relevant government agencies, to minimize driving to and from school. Decreasing the number of automobile trips, whether by engaging in active transportation, taking public transportation, or carpooling, will reduce automobile congestion and related collisions and create a safer environment for active transportation. The District will encourage pupils to use public transit when available and appropriate for travel to school and will work with local transit agency to provide transit passes for pupils.
